

Cadets Obtain Promotions

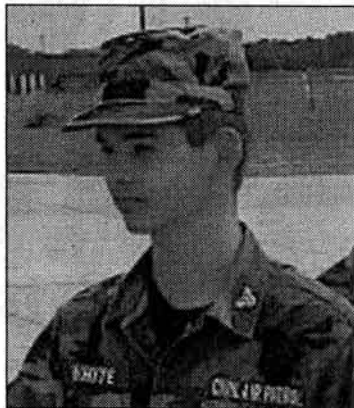

The Des Moines Metro Cadet Squadron - Red Oak Detachment of the Civil Air Patrol is proud to announce that Cadet Kaleb White of Red Oak recently completed testing which grants him a promotion to the rank of Cadet Senior Airman (C/SrA). We are also proud to announce that Cadet Logan Taylor of Villisca recently completed testing which grants him a promotion to the rank of Cadet Airman First Class

(C/A1C).

In order to receive these promotions, the cadets worked very hard to pass written exams on Aerospace Education and Leadership, as well as physical testing which includes a combination of sit ups, pushups, and a mile run or shuttle run. In addition, they must also keep active within the Civil Air Patrol and participate in safety briefings and moral leadership training.
